

New Car Dealerships love CRASH BROKERS' free service

Crash Brokers' free accident management services has proved to be the solution of choice for smart business people all over Auckland. Crash Brokers' extensive collision

repairer network ensures instant response and priority service, with guaranteed high standards of both workmanship and customer service.

Crash Brokers is now supported by many of the New Car Dealerships across Auckland and their red-carpet treatment is eagerly sought after by those new car buyers. Director, Karen Knight, says "New Car Dealerships share our focus on high quality service delivery to maximise customer satisfaction, and appreciate the value Crash Brokers' expertise and industry leverage add to the collision repair process."

Knight claims "The DIY approach to managing your own collision repairs is dumb, it's very time consuming and therefore a waste of both resources and money – our service is free to the customer, and you won't get a better result anywhere."
